

WAX-RESIN

For Flathead Printers

Recommending a ribbon

PM308

Premium Wax-Resin. Outstanding versatility and print quality.

PM308 wax-resin for flathead printers is designed to produce high quality images with excellent scratch and smudge resistance. PM308 has everything you would expect from a champion in its class, producing very black and clear images in combination with great mechanical and chemical resistance.

The anti-static properties of PM308 make it an ideal choice for RFID overprint applications. ISEGA approval of PM308 guarantees safe use for food packaging applications.

Combining exceptional print quality and durability you can trust, PM308 provides a reliable solution to your mid-range printing applications.

Benefits

- Sharp, crisp fine lines and edges, dark images
- Good scratch and smudge resistance
- Adaptable to matte, semi-gloss and glossy papers and matte synthetics
- Anti-static for increased print head protection and RFID applications
- No printer adjustments required in most cases.

Applications

- Pharmaceutical
- Healthcare
- Patient ID/ tracking
- Medical
- Automotive
- Shelf and bin
- Distribution routing
- Work in process
- Retail packaging
- Warning

Technical Specifications

Colour Code Tab Teal
 Maximum Print Speed ... 8 IPS
 Film Thickness 4.5 µ
 Total Ribbon Thickness ... 8.4 µ
 Transmission Density 2.6
 MacBeth Scale
 Ink Melting Point..... 65°C
 Storage Condition
 -5° to 40° C
 20% to 85% Humidity

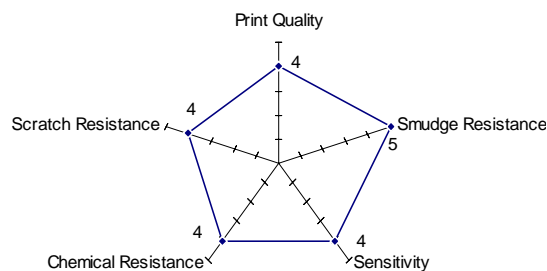

Sample PM308 Ribbons

Part # CES11027 –
 110mm x 50m – CSI

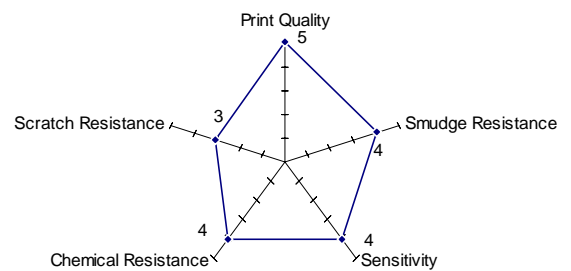

Part # CES11026 –
 110mm x 50m – CSO
